## 6" ADSON FORCEPS

Miltex introduces Adson and Hudson forceps available in 6" versions as a complement to our traditional 4-3/4" patterns. Our comprehensive offering of forceps recognizes and meets a variety of clinical needs for the most delicate to demanding procedural requirements as well as routine yet important surgical needs. Miltex is dedicated to providing our customers with just the right instrument, feel and performance which differentiates and makes our instruments outperform and stand out from the competition. In addition, the Miltex name is synonymous with premium surgical instruments, manufactured from the highest quality stainless steel German forgings and crafted to exacting specifications.

### FEATURES AND BENEFITS:

- Available in both Tissue (1x2 teeth) and Dressing (serrated) patterns
- Adson forceps are a more delicate alternative to the heavier and more robust Hudson varieties
- Offering includes both Premium Tungsten Carbide and Standard Stainless Steel options
